## 1 List of used Open Source Components.

This document contains a list of open source software (OSS) components used within the product under the terms of the respective licenses. The source code corresponding to the open source components is also provided along with the product wherever mandated by the respective OSS license. The following Open Source Software (OSS) or parts thereof are used in the product. The information provided with respect to the OSS listed including copyright notices and license, is corresponding to the software code used, and may not be for complete software component as available from various sources in different configurations.

Sl no.	Name of OSS Component	Version	Name and Version of License (License text can be found in Appendix below)	More Information
1	iso14229	0.7.1	<a href="#">MIT License</a>	Copyright (c) Nick James Kirkby & Co-Operators

**In case of certain OSS licenses, for example LGPL, the license may require a right to reverse engineering with respect to proprietary code, for a limited purpose. This is applicable to the extent of the software component that is in direct interaction with said OSS component. This shall not apply for other components of the software.**
